To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Kahsi Morgan. As the Head Boys Soccer Coach at Capital High School, I have had the privilege of coaching him and witnessing, firsthand, the type of student-athlete and young man he is.

Although I have coached Kahsi for only two short years, I have no hesitation in recommending him as a collegiate athlete. The qualities that make exceptional athletes are not confined to one sport, and Mr. Morgan possesses those qualities in abundance.

He is an outstanding competitor who consistently demonstrates punctuality, leadership, discipline, toughness, and a relentless work ethic. He is coachable, embraces constructive criticism, and is always looking for ways to improve. Whether in practice or competition, he gives maximum effort and holds himself to a high standard. He is simply a *winner* in every sense of the word.

Kahsi is a young man of excellent character. He leads by example, treats teammates and coaches with respect, and understands that success comes through commitment, accountability, and serving the team before himself. These are traits that elevate every program he is a part of.

As a coach, you can trust him to represent your university with integrity both on and off the court. He is dependable, mature, and someone who positively influences those around him. He consistently achieves in the classroom and was recently inducted into the National Honor Society. I am confident that he will make meaningful contributions to your program while also excelling in the classroom and campus community.

Kahsi's faith serves as a foundation for the way he lives his life, treating others with respect, humility, and compassion. He puts the team ahead of himself and consistently demonstrates integrity, accountability, and a mindset to serve others. These are a few of his innate qualities that make him not only a better athlete, but also a better teammate and leader.

I strongly recommend Kahsi Morgan for consideration within your program. If you have any questions or would like additional insight into his character or athletic ability, I would be happy to speak with you. Thank you for your time and consideration.

Sincerely,

Cody Freas
